Beyond the Bible and Homosexuality

A Journey into the Heart of God

The Video

- Discover why many Christians have rejected the interpretation of the Bible that treats non-heterosexuals as less than true children of God.
- Examines the biblical evidence used to justify condemnation of homosexuals
- Exposes the “Ex-Gay” myth
- Demonstrates how churches, knowingly and unknowingly, create victims of spiritual abuse and how to reverse this
- Draws straights and gays closer to each other and to God

What is Clergy United?

Clergy United for the Equality of Homosexuals (CUEH) calls the Christian churches and their clergy to recognize the plight of the victims of the last remaining respectable bigotry in America, homophobia, and challenges them to redress this wrong for which Christians are largely responsible.

By thorough biblical examination, sharing the most current research on homosexuality, and encouraging clergy and congregations to engage in and address issues of homophobia, CUEH will provide support and successful strategies to pastors, lay leaders, judicatory officers and the public.
